

STUDENT SPONSORSHIP FORM

The student sponsorship program includes two options. If you wish to increase the student's hourly campus labor earnings, you may "match" the earnings by pledging a specific dollar amount per hour that the student works. The second option is to pledge a flat dollar amount per month or per year. Either way, your sponsorship dollars are applied directly to the student's account. ***(IRS regulations do not permit tax deductions for tuition payments made for specific students.)***

Once the form below is completed by the student and the sponsor, it should be returned to the MEA Business Office. The Business Office will then be responsible for sending the sponsor a statement each month indicating how many hours the student worked and how much the sponsor should remit.
